Our practice is committed to providing you with the latest and best advances in dentistry.

That is why we now offer anaesthesia with The Wand.

This means that every time we numb you up it will be a pleasant experience.

The Wand uses a small hand piece that looks like a pen.

This system gives a supply of anaesthetic in a slow comfortable manner.

The Wand uses a unique new computerised technology.

It works at a low pressure and a slow rate that gives an improved anaesthesia.

It works more effectively, resulting in a more pleasant experience.

You will be pleasantly surprised.
